I mailed separately a copy of the publication, "The International Energy Situation: Outlook to 1985," to Mr. Sims.

12. [] ADMINISTRATIVE - DELIVERIES
Delivered to Franz Oppen, on the staff of the Subcommittee on Consumer Protection and Finance, House Committee on Interstate and Foreign Commerce, a copy of the amendatory language which was prepared for S. 305, the corporate bribery bill. There are presently several House bills similar to S. 305 pending before the Committee.

25X1

13. [] LIAISON Emerson Brown, INR/State, called asking for a brief description of how reporting works under Section 662 of the Foreign Assistance Act which he said had been requested by the new Assistant Secretary of State Douglas Bennett. I gave him a brief rundown of how the Agency functions under Section 662. Later in the day, J. J. Hitchcock, INR/State, called with the same request and I went over with him what I had told Brown and amplified the information for him in some areas.

25X1

14. [] LIAISON Beverly Lumpkin, on the staff of the House International Relations Subcommittee on International Organizations, called stating that Chairman Donald Fraser (D., Minn.) would not be able to meet with the Director on 22 April 1977 and suggested 4 May. After checking with the DCI's schedule and Chairman Fraser's schedule, we set 5 May at 6:00 p.m. for the Director and Chairman Fraser to get together in the Chairman's office.

25X1

15. [] LIAISON Bill Cleary, in the office of Representative James Johnson (R., Colo.), called saying he was a Regional Board member of the House Administrative Assistants Association and asked if a group of that Association could come out to the Agency for a tour and an overview briefing of Agency functions. He said they were in the planning stages for events for the next several months and one of the ideas they had for an activity was a meeting with Agency officials. They do not have a date set for such a meeting and he felt that perhaps late May or June would be a good time to come out to the Agency. I told him that there might be some possibility for having a group out and told him I would check on it and get back to him.

16. [] LIAISON I returned the 15 April, call of Herbert Romerstein, of the office of Representative Lawrence P. McDonald (D., Ga.), who asked if we could provide him with copies of the briefs in the law suit of the Socialist Workers Party against the U.S. Government. Romerstein said Mr. McDonald wants something written about the suit in support of the CIA. He said that Mr. McDonald's office has a copy of a resolution of the Fourth International which the Socialist Workers Party construes to be opposed to terrorism, but which in reality supports it. Mr. McDonald's people are considering having this published in the Congressional Record to confront the Socialist Workers Party's claim that it is a peaceable organization. [] Office of Legislative Counsel, advised that the Office of General Counsel had recommended against making the briefs available to Mr. McDonald to avoid any suggestion of CIA support for Mr. McDonald's efforts. He also suggested that Mr. McDonald should get the briefs from the Department of Justice, which is defending the suit for the Government. I called and left word for Romerstein to apply to the Department of Justice for the briefs.

25X1

25X1

17. [] LIAISON Bob Nelson, of the office of Representative Martha Keys (D., Kan.), called requesting a copy of "The International Energy Situation: Outlook to 1985." A copy was forwarded to him.

25X1

18. [] LIAISON Received a call from the district office of Representative Michael Harrington (D., Mass.). The district staff member, requested information on possible extradition from an unnamed foreign country of two individuals suspected in the bombing of a Cuban airline. I informed the staff member that such a question would be properly put to the Department of Justice or the Department of State, as CIA is not responsible for matters involving foreign extradition. The staff member agreed and stated that they would take the matter up with the Department of Justice.

19. [] LIAISON Chuck Snodgrass, House Appropriations Defense Subcommittee staff, called to find out whether I had gotten the KY-70 secure phone installed yet. He said he was particularly interested since the Committee will go into mark-up sessions next week and he would like to be able to communicate with us on a secure basis during these sessions. I told Snodgrass that the lines had been installed today and I fully expect the equipment to be in sometime this week.

25X1

20. [] LIAISON Talked with Chairman John Flynt (D., Ga.) and John Swanner, Staff Director, House Committee on Standards of Official Conduct, on a conference hook-up. I told the Chairman we had received the letter which he and Representative Floyd Spence (R., N. Car.) had sent concerning [] inquiry and we would have a response for him in the next day or two. I said I was calling particularly to let him know that Phil Lacovara and John Nields, also of the Committee staff, were coming out to see Tony Lapham, General Counsel, and me today for exploratory discussions. (See Memorandum for the Record.)

25X1

25X1

21. [] LIAISON Talked with Valerie Pinson and Jim Free, on the Congressional Relations Staff of the White House, about the request we have received from Chairman John Dingell (D., Mich.), Subcommittee on Energy and Power, House Interstate and Foreign Commerce Committee, for the Director to participate in a panel discussion involving the Secretary of Transportation and the heads of the Federal Energy Administration (FEA), Environmental Protection Agency (EPA) and the Energy Research and Development Administration (ERDA) on the subject of the energy crisis and its impact on transportation and other areas. Free told me that the White House had not included Chairman Dingell in the submission of the clean air legislation and that the Chairman had gotten quite upset as a result. I told Free that the Director would probably take this subject up with the President at his 11:30 a.m. meeting today and I merely wanted to alert him to the fact. Later in the day, Free offered to call Ross Ain, on the Subcommittee staff, on the matter but I suggested that he wait until we got some feedback from the Director's meeting with the President.

25X1

30. [] LIAISON Jean Evans, Senate Select Committee on Intelligence staff, called to inquire about our progress in meeting the Committee's request for counterintelligence materials. [] LIAISON Called Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, to straighten out the time for the Director to appear before the Committee on 27 April to discuss the open budget issue. She informed me, and Bill Miller, Staff Director, later verified, that Admiral Stansfield Turner had asked to be the first witness and had agreed to appear at 10:00 a.m.

32. [] LIAISON Because of the new time schedule for Admiral Turner's appearance before the Senate Select Committee on Intelligence on 27 April, I called Sally Watanabe, on the personal staff of Senator Daniel K. 33. [REDACTED] LIAISON Hal Ford, Senate Select Committee on Intelligence staff, called to request access to an Inspector General report on the DDO. He said Scott Breckinridge, D/IG, had mentioned this report to another staff member. I told Ford that IG reports had not been given outside distribution because of the fear this would destroy the IG process. I agreed to meet later with Ford to try to determine how his needs could be met without access to this particular report.

36. [REDACTED] HEARING Had several conversations with Dave Finnegan, on the staff of the Energy and Power Subcommittee, House Interstate and Foreign Commerce Committee, concerning the 25 April panel session which Admiral Turner has been invited to. I advised Finnegan that the energy study he had earlier referred to as being issued by us in January/February probably was a study produced not by CIA but by the International Energy Agency of OECD and I told him that he could get a copy from the Office of Fuels and Energy, Department of State.

37. [] BRIEFING In response to my earlier request to him, Grenville Garside, on the staff of the Senate Energy and Natural Resources Committee, called saying that Admiral Turner is not expected to appear at the energy briefing of the Committee on Thursday morning at 10:30 a.m., and that Senator Henry M. Jackson (D., Wash.) expects only the substantive experts. I went over the ground rules with Garside--no transcript, cleared staff Committee personnel only--all of which he agreed to. Subsequently, George Murphy, on the staff of the Joint Committee on Atomic Energy, called to verify the security arrangements.

38. [] LIAISON Jackie Hess, House Select Committee on Assassinations, called to register a complaint that the Committee had not received the FOIA documents released out of the Oswald 201 file. After consulting with [] OGC, and several others, I informed Ms. Hess that indeed I was quite sure the Committee had received the material and indicated to her the time of the various deliveries which were made. ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 19 April 1977

1. (Unclassified - RSG) LIAISON Received a call from Tim Lynch, staff member in the office of Representative George Brown (D., Calif.), who asked whether we had received a letter from the Congressman which solicited our views on a proposed National Climate Program bill. I indicated that we had received the letter and were in process of developing an answer. I also indicated to Mr. Lynch that I would be responding to James "Skip" Spensley, Committee staff member, House Science and Technology Committee, in this matter as was requested in Congressman Brown's letter.

2. (Unclassified - GLC) LIAISON Called Joel "Pete" Bonner, Senate Appropriations Committee staff, to be sure he was aware that the Director was meeting with Senator Milton Young (R., N. Dak.) today. I told him I thought the subject of discussion as far as the Director was concerned would be the open budget. Bonner said he was indeed aware of the fact that the Director would be seeing the Senator and expected the subject to be as I had indicated. He said that he and Jim Fellenbaum, also of the Committee staff, had not been certain as to the reason for the Director's visit with them the other day but assumed it was for the purpose of talking about the open budget. It was clear from the conversation that Senator Young, as well as Chairman John McClellan (D., Ark.), are opposed to publishing the NFIP figure but probably would defer to the Director's decision on the basis of his responsibility.
